Synopsis:

This provocative and moving presentation is designed to change the culture of accepting the loss of firefighters as a normal occurrence. Building on the untold story of LODD survivors, it reveals how family members must live with the consequences of a firefighter death and provides a focus on the need for firefighters and officers to change fundamental attitudes and behaviors in order to prevent line of duty deaths. The central theme promotes the courage to do the right thing in order to protect yourself and other firefighters and ensure that "Everyone Goes Home" at the end of the day.

The "Courage to Be Safe" Program was conceived and developed by the National Fallen Firefighters Foundation's Firefighter Life Safety Initiatives Program Team, with assistance from Deputy Chief Billy Goldfeder of the Loveland-Symmes (OH) Fire Department and FDNY Battalion Chief John Salka, two highly experienced command officers and accomplished fire service educators. Fire service personnel who are passionate about the need to have the Courage to Be Safe and the importance of the 16 Firefighter Life Safety Initiatives in reducing Line of Duty Deaths should attend this program.
